

BUTLER BRIEF DISCLOSURE AND DISCLAIMER

Filename: 10_BB_BUTLER_BRIEF_DISCLOSURE_AND_DISCLAIMER_PDF-A-1b.pdf

This edition is an exact copy of the legal filing submitted under Pennsylvania Criminal Code § 506 to the Butler and Luzerne County District Attorneys and the Pennsylvania Attorney General. It contains no advocacy content, commentary, or supplemental materials — only the original evidence and filings as submitted to law enforcement.

This release contains the full contents of the Butler Brief legal filing submitted to law enforcement. It was developed using AI-assisted forensic research, geospatial analysis, and investigative journalism — all protected under the **First Amendment**.

The following components are **included** in this edition (partial list):

-  The full Core Complaint
-  The Prosecution Memorandum
-  The complete list of alleged legal violations
-  The named defendants list
-  Forensic exhibits and geographic evidence
-  Targeted Risk Investigations (TRIs)
-  Supporting documents and visualizations used in the law enforcement filing

LEGAL STANDING

This document is protected under the **First Amendment** of the United States Constitution, specifically as:

- A journalistic and public interest publication
- A whistleblower disclosure
- A good-faith petition for government accountability

No part of this document is intended to incite violence or assign guilt outside a courtroom. All persons named are presumed innocent until proven guilty in a court of law.

This publication does not substitute for judicial process, but it does raise serious and credible evidence of misconduct and corruption requiring further investigation.

FILE ORDER & NAMING NOTE

All filenames begin with a numeric prefix (e.g., 10_, 40_, 70_) to help readers navigate large volumes of supporting content.

 **All legal references are made to the portion of the filename following the numeric prefix.**

For example:

10_BBF_CoreComplaint.pdf and 20_BBF_CoreComplaint.pdf are functionally identical in content — only their folder location or sequence varies.
