Bryan Kohberger — Jurisdiction & Venue

Monroe County Anchor

Bryan Kohberger’s Pennsylvania base in **Albrightsville, Monroe County** provides a clear venue hook. The Poconos themselves carry the infiltration code (“Poke-a-Nose”), while Camelback Mountain stands at the county’s center — the “camel’s nose under the tent” metaphor for deep-state penetration. Kohberger’s presence in this county is not incidental; it situates him within the symbolic geography that defines enterprise continuity. His KA-BAR knife procurement, anchored in Monroe, provides an overt act under 18 Pa.C.S. § 903 sufficient to ground venue.

Scranton / Moscow Mirrors

The Moscow massacre cannot be decoupled from its Pennsylvania twin. **Moscow, PA** lies approximately eight miles from Scranton, while **Moscow, ID** lies approximately eight miles from Pullman, WA — Kohberger’s placement at Washington State University. This mirror pairing is not coincidence; it is design. The same enterprise that seeded the “Trump–Moscow” smear through the Russia Collusion Hoax leveraged the Moscow-to-Moscow geographic continuity to stage blood where ink had already been spilled. Venue attaches in Pennsylvania by reason of this deliberate geographic scripting, tethering the Idaho crime scene to Luzerne/Lackawanna County.

Butler County and the Bullseye

The July 13, 2024 attempted assassination in Butler County, Pennsylvania, further cements venue. Butler is not only a crime scene itself but the **bullseye** of the entire enterprise. The AutoKnife Conspiracy cannot be separated from the Butler Bullseye — both are designed strikes on Donald J. Trump, staged from within Pennsylvania.

Enterprise Continuity

The AutoKnife Conspiracy is the **bloody business end of the AutoPen Scandal**. Those who signed the Hunter Laptop Letter, advanced the Russia Collusion Hoax, suppressed the truth through Big Tech, or concealed the AutoPen scandal are implicated here as PCCs or Defendants. The Sunday–Monday–Tuesday cadence — blood on 11/13, Lausch buried on 11/14, Trump stepped on 11/15 — is the operational proof of continuity. Venue attaches in Pennsylvania, where procurement, planning, and communications originated, and where the Bidens themselves maintained their symbolic and familial base.

Legal Foundations

- **18 Pa.C.S. § 102** — Jurisdiction attaches when conduct outside the Commonwealth is part of a conspiracy with overt acts in Pennsylvania.
- **18 Pa.C.S. § 903** — Conspiracy venue lies in any county where an overt act in furtherance of the conspiracy occurred.
- **18 Pa.C.S. § 911 (RICO)** — Pennsylvania’s RICO statute applies where continuity of enterprise runs through Pennsylvania counties.
- **25 P.S. § 3527** — Election interference within Pennsylvania’s electorate grounds venue for prosecutorial review.

Conclusion

Venue in Pennsylvania is properly laid in:

- **Monroe County**, by reason of Kohberger’s domicile and KA-BAR procurement.
- **Luzerne/Lackawanna County**, by reason of Scranton/Moscow continuity and symbolic staging.
- **Butler County**, as the enterprise’s bullseye and overt act against Donald J. Trump.

Each county sits within the **Rosemont Seneca Corridor** that underpins the enterprise. Idaho may hold the homicides, and New York may hold the Midtown strike, but **Pennsylvania holds the conspiracy**.
